```
        G                   Emi
(1) I've heard there was a secret chord
        G                      Emi
    That David played, and it pleased the Lord
       C                 D                G       D
    But you don't really care for music, do you?
      G                   C           D
    It goes like this the fourth, the fifth
       Emi               C
    The minor fall, the major lift
       D                 Hmi         Emi
    The baffled king composing Hallelujah

        C            Emi
(R) Hallelujah, Hallelujah,
        C            G    D   G    D
    Hallelujah, Halleluuuuuuuujah

        G                          Emi
(2) Your faith was strong but you needed proof
       G                 Emi
    You saw her bathing on the roof
       C               D             G         D
    Her beauty and the moonlight overthrew you
       G              C       D
    She tied you to a kitchen chair
       Emi                          C
    She broke your throne, and she cut your hair
       D                   Hmi           Emi
    And from your lips she drew the Hallelujah

        C            Emi
(R) Hallelujah, Hallelujah,
        C            G    D   G    D
    Hallelujah, Halleluuuuuuuujah

    G                Emi
(3) Maybe I've been here before
      G                    Emi
    I know this room, I've walked this floor
      C            D              G        D
    I used to live alone before I knew you
        G                      C      D
    I've seen your flag on the marble arch
        Emi      C
    love is not a victory march
          D                Hmi         Emi
    It's a cold and it's a broken hallelujah

        C            Emi
(R) Hallelujah, Hallelujah,
        C            G    D   G    D
    Hallelujah, Halleluuuuuuuujah
```

```
          G                  Emi
(4) There was a time you'd let me know
           G               Emi
    What's real and going on below
        C              D                G       D
    But now you never show it to me, do you?
      G            C           D
    Remember when I moved in you?
        Emi            C
    The holy dark was moving too
        D                Hmi            Emi
    And every breath we drew was hallelujah

         C            Emi
(R) Hallelujah, Hallelujah,
         C            G    D   G    D
    Hallelujah, Halleluuuuuuuujah

    G                Emi
(5) Maybe there's a God above
        G           Emi
    And all I ever learned from love
        C                D               G        D
    Was how to shoot at someone who outdrew you
         G                  C       D
    It's not a cry you can hear at night
         Emi                 C
    It's not somebody who's seen the light
           D                Hmi          Emi
    It's a cold and it's a broken hallelujah

         C            Emi
(R) Hallelujah, Hallelujah,
         C            G    D   G
    Hallelujah, Halleluuuuuuuujah
