  Hmi                          F#
(1) On a dark desert highway,   cool wind in my hair
  A                          E
    Warm smell of colitas   rising up through the air
  G                           D
    Up ahead in the distance,   I saw a shimmering light
  Emi
    My head grew heavy and my sight grew dim
  F#
    I had to stop for the night

  Hmi                                  F#
(2) There she stood in the doorway;    I heard the mission bell
  A                                          E
    And I was thinking to myself this could be heaven or this could be
hell
  G                           D
    Then she lit up a candle,  and she showed me the way
  Emi                                    F#
    There were voices down the corridor,    I thought I heard them say

    G                          D
(R) Welcome to the Hotel California.
          Emi                    Hmi7
    Such a lovely place, such a lovely face
    G                                D
    Plenty of room at the Hotel California
    Emi                                                F#
    Any time of year (any time of year) you can find it here

(3) Her mind is Tiffany twisted, She got a mercedes benz
    She got alot of pretty pretty boys that she calls friends
    How they danced in the court yard sweet summer sweat
    Some dance to remember some dance to forget

(4) So I called up the captain; Please bring me my wine (he said)
    We haven't had that spirit here since 1969
    and still those voice are calling from far away
    Wake you up in the middle of the night just to hear them say

(R) Welcome to the Hotel California...

  Hmi                          F#
(5) Mirrors on the ceiling,   the pink champagne on ice (an she said)
  A                                E
    We are all just prisoners here,  of our own device
  G                               D
    and in the master's chambers,  They gathered for the feast
  Emi
    They stab it with their steely knives but they
  F#
    just can't kill the beast

(6) Last thing I remember, I was running for the door
    I had find the passage back to the place I was before
    "Relax" said the night man; we are programmed to receive
    You can check out anytime you like
    But you can never leave...
