```
    C       F        G   F
(R) I wanna be the minority
    C       F           G    F
    I don't need your authority
    C             F       G   F
    Down with the moral majority
          C       F        G   C
    'cause I wanna be the minority

      C       G         F           C
(1) I pledge allegiance to the underworld
        C            G            F               G
    One nation under dog there of which I stand alone
      C           G        F                   C
    A face in the crowd, unsung, against the mob
      C              F                 G          C
    Without a doubt, singled out, the only way I know

    Ami                 F   C
(I) Stepped out of the line
    Ami                F        G
    Like a sheep runs from the herd
    Ami              F   C
    Marching out of time
    Ami        F    G
    To my own beat now

(2) One light, one mind, flashing in the dark
    Blinded by the silence of a thousand broken hearts
    ``For crying out loud'', she screamed unto me
    A free for all, fuck 'em all, you are your own sight
