```
    Hmi
(1) Hello.
    Hmi                A
    Is there anybody in there?
                       G      Emi
    Just nod if you can hear me
              Hmi
    Is there anyone home?

(2) Come on, now
    I hear you're feeling down
    Well I can ease your pain
    Get you on your feet again

(3) Relax
    I need some information first
    Just the basic facts:
    Can you show me where it hurts?

    D                          A
(R) There is no pain, you are receding
    D                                 A
    A distant ship's smoke on the horizon
    C                                G
    You are only coming through in waves
    C                                 G
    Your lips move but I can't hear what you're sayin'
    D                          A
    When I was a child I had a fever
    D                                 A
    My hands felt just like two balloons
    C                               G
    Now I got that feeling once again
                                                C
    I can't explain, you would not understand
                           G
    This is not how I am
    A  G       D                A
    I have become comfortably numb

(4) OK,
    just a little pinprick
    There'll be no more -- aaaaaahhhhh!
    But you may feel a little sick

(5) Can you stand up?
    I do believe it's working, good
    That'll keep you going for the show
    Come on, it's time to go

(R) There is no pain, you are receding
    A distant ship's smoke on the horizon
    You are only coming through in waves
    Your lips move but I can't hear what you're sayin'
    When I was a child I caught a fleeting glimpse
    Out of the corner of my eye
    I turned to look but it was gone
    I cannot put my finger on it now
    The child is grown, the dream is gone
    I have become comfortably numb
```
